

# Untitled

## Quarto

Quarto enables you to weave together content and executable code into a finished document. To learn more about Quarto see <https://quarto.org>.

## Running Code

When you click the **Render** button a document will be generated that includes both content and the output of embedded code. You can embed code like this:

```
1 + 1
```

```
[1] 2
```

You can add options to executable code like this

```
[1] 4
```

The `echo: false` option disables the printing of code (only output is displayed).

som|table|design ...|... |... |

```
u=data.frame(y=1:5,x=letters[1:5])
pander::pandoc.footnote('Automatically numbered footnote, right?')
```

```
1
```

```
pander::pandoc.table(u)
```

---

<sup>1</sup>Automatically numbered footnote, right?

y	x
1	a
2	b
3	c
4	d
5	e

y	x
